

JOHNNY AND THE DUSTMAN

Johnny is a friend of mine
and is a very chatty boy,
meets an old sad dustman guy
who is working in a park.

Johnny's getting back from school

he drops something on the grass.

The dustman says: "Hey, you!

What d'you think you're doing?"

You know, I'm working here all the day.
"Life is not a walk in the park!"
"Sorry just thinking 'bout school.
I have lots to study at home, tonight."
The dustman sighed and said: "Lucky you!
I wish I'd studied when I was young (like you)"

Lo sai, io fatico tutto il giorno
"La vita non è facile sai!"
"Scusi stavo pensando alla scuola,
devo studiare un sacco ancora!"
L'uomo sospira: "Beato te!
se avessi studiato da giovane!"

"I dreamed about a different life

but it's too late now anyway ..."

"You can change! Why not studying now?"

"My boy, you can't teach an old dog new tricks

I'm too old, my mind would freak"

"Come on man, the first step is too hard

but an old man will learn till he dies!"
